PRESS RELEASE: 5 MAY 2014

Sanford Acquires Greenshell NZ

Sanford Limited has reached conditional agreement for the purchase of the Coromandel, NZ based business assets of Greenshell NZ Limited and Greenshell Investments Limited with the companies receivers, KordaMentha.

Sanford CEO, Volker Kuntzsch, said these assets were a strategic fit for Sanford's aquaculture business as they allow for improved supplies from a wider geography.

Sanford will be working with the farmers and existing staff to ensure the growing and harvesting operations continue seamlessly.

Completion of the purchase is expected to occur later this week.
